Youth Community Pass

One year of Bike Share for $20

What is Bike Share?

Mobi by Rogers is Vancouver's public bike share system.

This service makes public bicycles available for shared use to individuals on a short-term basis. The bikes can be unlocked from one station and returned to any station in the system.

Why Mobi?

Convenient, easy and fun!

Use bike share to commute, run errands, visit friends, or casually cruise the city. Bike share is ideal for one way trips and you'll never have to worry about bike theft again!

Youth Community Pass

Our Youth Community Pass program, first launched in 2023, makes bike share more accessible and affordable* for youth aged 12 - 18. With support from Vancouver's Walk Bike Roll team and the Vancouver School Board, the program supports active transportation access for students.

Students at participating schools can now access bike share to:

- Get to activities,
- See friends, and
- Explore the city

all in an environmentally friendly way.

*Financial aid available upon request.

How it works

Undock a bike

If you have a code

- Wake up the screen by pressing **Enter**
- Follow the screen directions
- Enter your 7 digit user code and press **Enter**
- Enter your 4 digit PIN and press **Enter**
- Hold helmet, remove your bike and enjoy!

If you have a Mobi fob

- Wake up the screen by pressing **Enter**
- Follow the screen directions
- Scan your card
- Enter your 4 digit PIN and press **Enter**
- Hold helmet, remove your bike and enjoy!

Return a bike

- Insert bike into docking station
- Wait for a single BEEP and 'Return OK' message
- Attach helmet to cable lock and insert into bike

Find a bike

* Download the **Mobi by Rogers app** or visit **mobibikes.ca** to find available bicycles and docking stations around town.

Helmets

* Helmets are available with some bikes. They are thoroughly cleaned and inspected by Mobi staff on a regular basis.
