

OUR COMMUNITY BIKES GOOD NEIGHBOUR

Our Community Bikes' Good Neighbour scheme provides your employees with access to affordable bicycle maintenance, low-cost cycling gear, as well as bike tune up events and guided rides.

About Our Community Bikes

Open in Mount Pleasant since 1993, Our Community Bikes (OCB) is a community bike shop for DIY bicycle repair and affordable bike maintenance and sales.

We also provide refurbished bicycles and education in mechanical skills, working to increase access to bicycles and the opportunities that affordable, independent transportation can give people.

Our Youth Club, Access Nights, and Gear-Up program bring together members of the community to make cycling accessible and affordable to people who are often left out.

Why join?

Joining OCB as a 'Good Neighbour' is the ideal way of offering fantastic employee perks, while engaging with environmental and community projects.

Employees receive great discounts on cycle maintenance services, free tune up events and more; supporting their sustainable commute, physical and mental wellbeing, and engagement with Vancouver's local community.

We are happy to discuss a variety of ways in which your business can join OCB, so enquire today!
